

**IN-STREET WATER MAIN CURB STOP LOCATION
AGREEMENT**

This agreement is made between the Nantucket Airport Commission (the "Commission") and the Owner(s) of Record _____ ("Owner") of the property at _____ Nantucket, MA (the "Property").

1. Owner approves the location of the on-street curb stop location shown on the attached figure which will be installed by the Commission and its duly authorized agents, contractors, subcontractors and employees as part of the municipal water main extension project (the "Work").
2. The owner understands that a curb stop is a valve that shuts off the services line from the water main and it typically is located near the property boundary but within the roadway right-of-way. Associated with the curb stop, a water meter (all underground) will also be installed.
3. The Commission shall bear the full cost of the Work, but it is not hereby assuming any other obligation.
